

TASSIMO
PROFESSIONAL

A SMARTER SYSTEM FOR SMALLER SPACES.

BIG THINKING. SMALL FOOTPRINT.

The TASSIMO PROFESSIONAL T-65 CUL intelligent brewing system helps you make smart use of limited space. Like our larger T-300 system, it features scannable T-DISCS for simple preparation of premium hot beverages. Plus, its compact size offers small to mid-size businesses a more intimate coffee-making experience.

FULL OF BRIGHT IDEAS

- **Premium specialty drinks.**
Specialty espresso-based beverages, such as cappuccinos and lattes, are prepared with real liquid milk in less than 2 minutes. By combining different varieties, users can create hundreds of delicious custom drinks.
- **Easy installation.**
The T-65 CUL system does not require a water line or additional plumbing. Just plug it in and let the simplicity begin!
- **Loss prevention.**
TASSIMO PROFESSIONAL T-DISCS are not compatible with TASSIMO home systems.
- **One button. One-of-a-kind quality.**
The T-65 CUL system puts a full range of premium hot beverages at the user's fingertips. Turn your office into a destination with a machine so easy to use, it's just like having your own BARISTA INSIDE
